

The Divine Authority of Scripture

Galatians 1:1-2

Paul's message and authority did not have a _____ origin

Paul and his message come bearing the _____ of Jesus Christ (the Head of the church) and God the Father

By including this phrase "and God the Father who raised Him from the dead" Paul was emphasizing two truths:

1. God the Father's _____ of Jesus' finished work or redemption
2. Jesus Christ and God the Father's _____

Not only does rejecting Paul and his message mean that you are opposing God but also that you are choosing to depart from the teaching that is believed by the _____

Understanding the divine authority of Scripture should:

1. Help us understand that to _____ to the teachings of Scripture is to submit to Jesus Christ and God the Father (and the Spirit who inspired them)
2. Help to bring _____ to us as we are reminded that God has not left us without His Word
