

**Saved by Grace, Not by Works**  
**Galatians 2:17-21**

The objection that Paul is here dealing with is the fear that his gospel will lead to the promotion of \_\_\_\_\_-verse 17

The real violation of God's law would be to try and build something that has already been torn down (all self-attempted \_\_\_\_\_ through the law)-verse 18

Our \_\_\_\_\_ with Christ is the reason for our new standing with the law-verses 19-20

This gospel does not nullify grace, but any dependence on the \_\_\_\_\_ for justification is what nullifies grace-verse 21
